Exhibition and Sponsor Opportunities

International Conference on NeuroRehabilitation 2014

23 - 26 JUNE 2014 // AALBORG // DENMARK

REPLACE, REPAIR, RESTORE, RELIEVE
— BRIDGING CLINICAL AND ENGINEERING SOLUTIONS IN NEUROREHABILITATION
Why Exhibit/Sponsor?

Conference Topics

- Neurorehabilitation applications and solutions to replacing lost motor and/or sensory functions
- Neurorehabilitation applications and solutions to restore or repair impaired neurological functions
- Techniques and methods in neurorehabilitation
- Translational challenges in neurorehabilitation

Who Will Attend?

This conference will bring together rehabilitation medicine specialists, engineers, physiotherapists, exercise physiologists, neurophysiologists, and other professionals involved in neurorehabilitation research.

What is the Expected Number of Participants?

We expect between 300-400 participants from the scientific community mainly from Europe, but also USA, Japan and Australia/New Zealand.

A Specialized Commercial Track

Eir – Empowering Industry and Research - will as a co-organizer facilitate a commercially oriented track with emphasis on bringing cutting-edge innovative technologies and research in Neurorehabilitation from bench to bedside!

The track will encompass both industrial and societal perspectives on applying Neurorehabilitation technologies, inspiring case stories of bringing innovative research to a commercial product and discussions on how future progress can benefit from close collaboration between private and public partners.

The track will, moreover, include a highly essential commercial fair – a Hot Spot for Neurorehabilitation technologies - where researchers, companies and clinicians are invited to present cutting edge research, novel technologies and state of the art solutions and products through poster presentations. Hereby, the Hot Spot serves as an inspiring forum where all conference participants can share ideas and identify overlap of interest and opportunities for collaboration.
“Center for Sensory-Motor Interaction, Dept. of Health Science and Technology at Aalborg University has a strong international reputation for high quality research in Neurorehabilitation. This will attract many conference participants within the field”

Thomas Sinkjaer, Director,
The Danish National Research Foundation, Denmark

“Dept. of Health Science and Technology at Aalborg University is the largest research and educational center within biomedical sciences in Denmark and graduates hundreds of candidates within this and related fields. Our research activities within Neurorehabilitation attract students and researchers from all over the world. Make your company visible to these brain- and rehabilitation-focused activities”

Kim Dremstrup, Head of Department,
Dept. of Health Science and Technology,
Aalborg University, Denmark

“The motivation behind the ICNR conference is to bolster the interaction between engineers, scientists and clinicians to improve the quality and reduce the cost of healthcare. Cutting-edge innovative technologies and research in Neurorehabilitation will be presented. These presentations will stimulate innovative research in neurorehabilitation. Come to Aalborg to take part in the innovation!”

Metin Akay, Professor,
Department of Biomedical Engineering,
University of Houston, USA
Excellent Conference Facilities

- in the Bustling Heart of the City

The venue for the International Conference on NeuroRehabilitation will be Aalborg Congress & Culture Centre, idyllically situated in the centre of Aalborg and yet in the midst of the beautiful green spot of the city, the Kildeparken.

Aalborg Congress & Culture Centre is one of Scandinavia’s largest and most flexible congress centers with 500,000 visiting guests and 1,000 events on a yearly basis. Aalborg Congress & Culture Centre is ideally situated in the largest park right in the heart of the city, just 10-minute drive from Aalborg Airport, but still in the city center, allowing for the most optimal networking setting to take place during the conference.

Having undergone a major refurbishment in 2012, the congress center is equipped with the latest technology and all modern and handicap-friendly facilities required in order to make every event successful. F&B is supplied by “Papegøjehaven”, the centre’s excellent restaurant, which can cater for as many as 3,000 guests at the same time.

The congress center provides 700 parking spaces, Wi-Fi, fax, cash machine, and information desks. There is an English pub in the basement with darts and skittles and, with the park on its doorstep, you can easily pop out for a walk and a chat, go jogging, or simply relax.

The International Conference on NeuroRehabilitation 2014 will use the following conference halls and rooms in the congress center:
EXHIBITION AT AALBORG CONGRESS & CULTURE CENTRE

The Exhibition Area
The main exhibition area will be in the Foyer.

Coffee breaks will take place in the exhibition area just outside the plenary room.

The close vicinity of the plenary lecture hall and the session rooms will ensure maximum attention to the exhibition.

Exhibitor Schedule
23 June
12:00 PM–05:00 PM: Exhibitor registration and set-up

24-26 June
Exhibit hall open daily (during program hours)
01:00 PM-01.30 PM: Daily exhibition time without parallel conference activities

27 June
08:00 AM–12:00 AM: Dismantle exhibit booths

Plenary Sessions
The Europe Hall, seats 450

Parallel Sessions
The Europe Hall, seats 450
Radiosalen, seats 240
Musikalen, seats 197
Gæstesalen, seats 169

Poster Sessions
Jazz-salen

Conference Organization
**Conference Chairs**

- **Associate Professor Winnie Jensen, Ph.D.**
  Aalborg University, Denmark
- **Professor Ole K. Andersen, Dr. Scient., Ph.D.**
  Aalborg University, Denmark

**Honorary Conference Co-Chairs**

- **Dean Egon Toft, M.D., Ph.D.**
  Aalborg University, Denmark
- **Head of Department Kim Dremstrup, Ph.D.**
  Aalborg University, Denmark
- **Professor Thomas Sinkjaer, Director, Dr.Med., Ph.D.**
  Aalborg University, Denmark

**Steering Committee**

- **Professor Metin Akay, Ph.D., Chair**
  University of Houston, USA
- **Research Professor José L. Pons, Ph.D.**
  CSIC, Spain
- **Professor Silvestro Micera, Ph.D.**
  SSUP Sant'Anna, Pisa, Italy
- **Professor Dario Farina, Ph.D.**
  UMG-GOE, Germany
- **Associate Professor José Carmena, Ph.D.**
  University of California, Berkeley, USA
- **Director Paolo Bonato, Ph.D.**
  Spaulding Hospital, USA

**Local Program Committee**

- **Professor Jørgen Feldbæk, M.D., Ph.D.**
  Hammel Neurorehabilitation and Research Centre, Denmark
- **Professor Dejan Popovic, Dr. Techn., Ph.D.**
  Aalborg University, Denmark
- **Associate Professor Natalie Kersting, Ph.D.**
  Aalborg University, Denmark
- **Associate Professor Erika Spaich, Ph.D.**
  Aalborg University, Denmark
- **Associate Professor Cristian Sevcencu, Ph.D.**
